The Advanced Practice Providers Community of Practice (APP COP) will be awarding three APP COP ATC 2024 Travel Grants.

- Two APP COP Presenter ATC 2024 Travel Grants
- One APP COP Early Career ATC 2024 Travel Grant

Grant for reimbursable expenses up to \$500 to attend including registration and travel expenses.

APP COP ATC 2024 Presenter Travel Grant

- Goal the grant is to support APPs in research activities.
- Qualifications
 - Applicant must be an advanced practice provider (APP)
 - Current member of AST
 - Current member of the APP COP
 - Applicants must be current members of both AST and APP COP at the time of the application deadline.
 - Applicant must be the lead author of the research project
 - Presentation must have been submitted and accepted for presentation (poster or oral presentation) at the 2024 American Transplant Congress (ATC) meeting
 - Presentation must be relevant to advanced practice providers.
- Application requirements
 - [Application](#)
 - Applicant's CV
 - ATC abstract
 - ATC abstract acceptance letter
- The applications will be judged on the research quality, impact, and novelty.

APP COP ATC 2024 Early Career Travel Grant

- Goal of the travel grant is to increase novice APPs' exposure to the field of transplantation and to encourage participation in the American Society of Transplantation and the APP COP.
- Qualifications
 - Applicant must be an advanced practice provider (APP)
 - Current member of AST
 - Current member of the APP COP
 - In practice as a Transplant APP for < 5 years.
- Application requirements
 - [Application](#)
 - Applicant's CV
 - Applicant's statement of interest (200-400 words) and commitment to attend the ATC meeting and APP COP business meeting (if in person).

Recipients will be expected to attend ATC 2024, the AST Townhall, and the APP COP annual meeting.

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

Applications are due **March 24, 2024**

Please note that if you have already won an APP COP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Community of Transplant Scientists will be awarding **five COTS ATC 2024 Travel Grants** for the upcoming 2024 American Transplant Congress (ATC).

Grant for reimbursable expenses up to \$600 to attend ATC including registration and travel expenses.

Qualifications for the COTS ATC 2024 Travel Grant

- Current Trainee (**Applicants do not need to be AST members**)
- Applicant must be the lead author of the research project
- Research project abstract must have been submitted and accepted for presentation (oral presentation or poster) at the 2024 ATC
 - Research project must be broadly relevant to the field of transplant science

Application Materials Needed to Apply for the Travel Grant

- [COTS ATC 2024 Grant application](#)
- Letter from the Trainee's research mentor confirming trainee status and role in the research
- ATC abstract
- ATC abstract acceptance letter
- Trainee Applicant CV or résumé

The applications will be judged on the research quality, impact, and novelty.

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

Recipients will be expected to attend ATC 2024, the AST Townhall, and the COTS annual meeting.

Deadline for applications is **March 24, 2024**.

Please note that if you have already won a COTS grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

The AST Infectious Disease Community of Practice (IDCOP) will be awarding **three IDCOP ATC 2024 Trainee Travel Grants** for reimbursable expenses up to **\$1,000** to attend ATC, including registration and travel expenses.

Qualifications for the IDCOP ATC 2024 Trainee Travel Grant

- Current Trainee member of AST
- Current member of the IDCOP
 - Applicants must be current members of both AST and IDCOP at the time of the application deadline.
- Trainee Grant applicant must be the lead author of the research project.
- Research project abstract must have been submitted and accepted for presentation (oral presentation or poster) at the 2024 ATC.
 - Research project must be broadly relevant to the field transplant infectious disease.

Application Materials Needed to Apply

- [Grant Application](#)
- Letter of Recommendation from the Trainee's research mentor confirming trainee status, role in the research, future potential to contribute in the field of transplant ID, and demonstrated need for funding to attend ATC 2024
- ATC abstract
- ATC abstract acceptance letter
- Trainee Applicant CV or résumé

The applications will be judged on the research quality, impact, and novelty. Grant recipients will be expected to present their research at ATC. Recipients will be expected to attend ATC 2024, the AST Townhall, and the IDCOP annual meeting.

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

The deadline for applications is **March 24, 2024**.

Please note that if you have already won an IDCOP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

The AST Kidney Pancreas Community of Practice (KPCOP) will be awarding **three KPCOP ATC 2024 Travel Grants** for reimbursable expenses up to **\$1,000** to attend ATC, including registration and travel expenses.

Qualifications:

- Current Trainee member of AST
- Current member of the KPCOP
 - Applicants must be current members of both AST and KPCOP at the time of the application deadline.
- Research project abstract must have been submitted and accepted for presentation (oral presentation or poster) at the 2024 ATC.
 - Research project must be broadly relevant to the field of kidney and/or pancreas transplantation.

Application Materials

- [Application](#)
- Letter from the Trainee's research mentor confirming trainee status, role in the research, and demonstrated need for funding to attend ATC 2024
- ATC abstract and ATC abstract acceptance letter
- Trainee Applicant CV or résumé

The applications will be judged on the research quality, impact, and novelty. Trainee Grant recipients will be expected to present their research at ATC. Recipients will be expected to attend ATC 2024, the AST Townhall, and the KPCOP annual meeting.

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

The deadline for applications is **March 24, 2024**.

Please note that if you have already won an KPCOP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Living Donor Community of Practice (LDCOP) will be awarding **two LDCOP ATC 2024 Grants** for reimbursable expenses up to **\$1,000** to attend ATC, including registration and travel expenses.

Qualifications

1. Current member of AST and LDCOP by application deadline
 - a. Applicants must be current members of both AST and LDCOP at the time of the application deadline.
 - b. Applicants must be:
 - i. A trainee or Faculty within 2 years of completion of training
 - ii. Early career (within 2-years of their tenure) transplant RN, transplant coordinator, social worker, or advance practice practitioner
2. Applicant must be the lead author and/or presenter of the research project.
3. Research project abstract must have been submitted and accepted for presentation (oral presentation or poster) at the ATC of the current year.
4. Presented abstract must describe a study related to living donation and/or living donor transplantation.

Application Materials

- [Application](#)
- Letter from the Trainee's research mentor or program director confirming trainee status, role in the research, and demonstrated need for funding to attend ATC 2024
- ATC abstract and ATC abstract acceptance letter
- Trainee Applicant CV or résumé

Review of Travel Award Application

1. At least three (3) members of the Living Donor COP and/or the LDCOP Education Subcommittee will review and score each submission based on the following criteria:
 - a. Quality of research project (1 to 5)
 - b. Relevance of the research to the practice of living donation and living donor transplantation (1 to 5)
 - c. Research significantly adds to the current literature on the given topic (1 to 5)
2. Authors names and Institutions will be blinded for the reviewing process.
3. Co-authors from within the LDCOP EC or education subcommittee will not participate in scoring.

Grant recipients will be expected to present their research at ATC. Recipients are expected to attend ATC 2024, the AST Townhall, and the LDCOP annual meeting where they will be recognized.

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

The deadline for applications is **March 24, 2024**.

Please note that if you have already won an LDCOP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Liver and Intestinal Community of Practice (LICOP) will be providing three grants of up to \$1,000 reimbursable for travel expenses. Please see the details below for qualifications for the grant.

Qualifications

- Current member of the AST
- Current member of the AST Liver and Intestinal Community of Practice
 - **Applicants must be current members of both AST and LICOP at the time of the application deadline.**
- Trainee who has demonstrated strong commitment to the field of liver transplantation. Current students, residents, and fellows are eligible (program may be residency, fellowship, or school). Gastroenterology fellows, transplant hepatology fellows, surgical residents, and abdominal transplant fellows are strongly encouraged to apply
- Research project must have been submitted and accepted for presentation (poster or platform) at the ATC 2024 meeting
 - Research project must be broadly relevant to the field of liver or intestinal transplantation.
- Grant applicant must be lead author of project
- Grant applicant must attend ATC 2024 in-person

Limit to one submission per individual.

Application Requirements for these Grants

1. Fill out the [LICOP ATC 2024 Grant Application](#)
2. Attach copies of your ATC abstract and ATC abstract acceptance letter

Judging of Grant

- Submissions accepted for ATC 2024 should be submitted by **March 24, 2024**
- At least three (3) members of the LICOP Executive Committee will review and score each submission based on the following criteria:
 - Quality of research project (1 to 5)
 - Impact of the research on current transplant practice (1 to 5)
 - Research significantly adds to the current body of literature on the given topic (1 to 5)

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

Expectations of Recipients

Recipients of this reimbursement travel grant are expected to attend the American Transplant Congress 2024 in person to present their work. Recipients of this travel grant are also expected to attend the LICOP Annual Meeting and AST Townhall at ATC 2024 in person. ***Should a recipient be unable to attend in person due to institution policies or unforeseen circumstances (e.g., COVID-related), the recipient will be offered the option of deferring the award for in-person attendance at ATC 2024.***

The deadline for applications is **March 24, 2024**.

Please note that if you have already won an LICOP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Pediatrics Community of Practice (PCOP) will be awarding **one PCOP Allied Health ATC 2024 Travel Grant** for reimbursable expenses up to **\$1,500** to attend ATC including registration and travel expenses.

Allied Health PCOP ATC 2024 Grant

The goal of this Grant is to enable pediatric allied health professionals with an existing interest in transplantation to connect with colleagues and mentors. This Grant is appropriate to (but is not limited to) staff nurses (RN), nurse practitioners (NP, CRNP, FNP, ACNP), physician assistants (PA), clinical nurse specialists (CNS), transplant coordinators (CCTC), social workers (MSW), Doctor of Nursing practice (DNP), and Doctor of Pharmacy (PharmD). Preference will be given to allied health professionals who have had an abstract accepted for ATC 2024.

Applicants should provide the following:

- [Application](#)
- Applicant's CV
- Title of the abstract being submitted for consideration
- A copy of the abstract that has been accepted for ATC 2024 (preference will be given for these applicants), ...or...If the applicant does not have an accepted abstract, the applicant will provide a statement of interest (200-400 words) and
- Commitment to attend the ATC annual meeting, the AST Town Hall, and the Pediatric Community of Practice (PCOP) annual meeting during ATC

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

The deadline for applications is **March 24, 2024**.

Please note that if you have already won a PCOP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Pediatrics Community of Practice (PCOP) will be awarding **one PCOP Medical Trainee ATC 2024 Travel Grant** for reimbursable expenses up to **\$1,500** to attend ATC including registration and travel expenses.

Medical Trainee PCOP ATC 2024 Grant

The goal of this grant is to support interest in a career in transplantation. Going to the ATC is a great opportunity for pediatrics-committed medical students, residents, and fellows (medical or surgical) to learn more about the field of transplantation and connect with a community of mentors. This Grant is appropriate to trainees who have already committed to training in transplantation or are considering doing so in the future. Trainees do not need to be members of the American Society of Transplantation (AST) to qualify for this Grant but will need an existing member to sponsor their application.

Applicants should provide the following:

- [Application](#)
- Applicant's CV
- One (1) letter of sponsorship from a member of AST (on institutional letterhead)
- Applicant's statement of interest (200-400 words) and commitment to attend the ATC annual meeting, the AST Town Hall, and the Pediatric Community of Practice (PCOP) annual meeting during ATC

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

The deadline for applications is **March 24, 2024**.

Please note that if you have already won a PCOP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Psychosocial and Ethics Community of Practice (PSECOP) will be awarding the **PSECOP ATC 2024 Travel Grant** for reimbursable expenses up to **\$1,000** to attend ATC, including registration and travel expenses. The number of grants provided will be determined based on quality and quantity of applications received; up to a maximum of two \$1,000 grants will be provided.

Qualifications

1. Current member of AST
2. Current member of the AST Psychosocial and Ethics COP
 - a) Applicants must be current members of both AST and PSECOP at the time of the application deadline.
3. Presentation must have been submitted and accepted for presentation (poster or other platform) at the 2024 American Transplant Congress (ATC) meeting
4. Award applicant must be lead author of the project
 - a) Research project must be broadly relevant to the field of psychosocial and/or ethics of transplantation.

Application Materials

- [Application](#)
- ATC abstract and ATC abstract acceptance letter
- Applicant CV or résumé

Judging of Presenter Grant

1. At least three (3) members of the Psychosocial and Ethics COP will review and score each submission based on the following criteria:
 - Quality of the presentation (1 to 5)
 - Impact of the presentation on current transplant practice (1 to 5)
 - Presentation significantly adds to the current body of literature on the given topic (1 to 5)
 - Presentation addresses an unmet need (1 to 5)

Grant recipients will be expected to present their research at ATC. Recipients will be expected to attend ATC 2024, the AST Townhall, and the PSECOP annual meeting.

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

The deadline for applications is **March 24, 2024**.

Please note that if you have already won a PSECOP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Recovery and Preservation Community of Practice (RAP COP) will be awarding two **RAP COP Rising Star Grants** for reimbursable expenses up to **\$1,000** to attend ATC, including registration and travel expenses.

The purpose of these Rising Star Grants is to shine a light on the diverse pool of incredibly talented individuals we have amongst our RAP COP community and inspire these future leaders to reach new heights so that we can transform the clinical practice of organ transplantation together.

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

Qualifications

- **Applicants do not need to be AST/RAP COP members to qualify for this grant.**
- Trainee Grant applicant must be the lead author of the research project.
- Research project abstract must have been submitted and accepted for presentation (oral presentation or poster) at the 2024 ATC
 - Research project must be broadly relevant to the field of recovery and preservation.

Application Must Include the Following:

- [Application](#)
- A brief (<500 word) personal statement describing what you find inspiring about the field of organ recovery and preservation.
- Letter from the Applicant's research mentor confirming trainee status and role in the research.
- ATC abstract
- ATC abstract acceptance letter
- Trainee Applicant CV or résumé

Applications will be judged on research quality, impact, and novelty. Grant recipients will be expected to present their research at ATC. Recipients will be expected to attend ATC 2024, the AST Townhall, and the RAP COP annual meeting.

The deadline for applications is **March 24, 2024**.

Please note that if you have already won an RAP COP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Thoracic and Critical Care Community of Practice (TCC COP) will be awarding **four TCC COP ATC 2024 Grants** for reimbursable expenses up to **\$1,000** to attend ATC, including registration and travel expenses.

Qualifications

Anyone involved with Thoracic and Critical Care transplant can apply if you meet the following criteria:

- MDs and DOs: in any phase of training (medical student, resident, fellow) or within five years of completing your final degree program.
- APPs, RNs, Coordinators: primary scope of practice is cardiothoracic transplant.
- Other: reach out to the TCC COP to discuss qualifications

AND

- Research project must have been submitted and accepted for presentation relevant to Thoracic and Critical Care (poster or platform) at the 2024 American Transplant Congress (ATC) meeting.
- Award applicant must be lead author of project.

Application Materials

- [Application](#)
- Trainee Applicant CV or résumé
- ATC abstract and ATC abstract acceptance letter
- Letter from the Trainee's research mentor confirming trainee status, role in the research, and demonstrated need for funding to attend ATC 2024

Judging of Presenter Grant

1. At least three (3) members of the Thoracic and Critical Care COP will review and score each submission based on the following criteria:
 - Quality of the presentation (1 to 5)
 - Impact of the presentation on current transplant practice (1 to 5)
 - Presentation significantly adds to the current body of literature on the given topic (1 to 5)
 - Presentation addresses an unmet need (1 to 5)

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

Grant recipients will be expected to present their research at ATC. Recipients will be expected to attend ATC 2024, the AST Townhall, and the TCC COP annual meeting. Recipients will provide a 5–10-minute overview of their abstract at the annual meeting.

The deadline for applications is **March 24, 2024**.

Please note that if you have already won a TCC COP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The Transplant Administration and Quality Management COP (TxAQM COP) will be awarding **two TxAQM COP ATC 2024 Travel Grants** for reimbursable expenses up to **\$1,000** to attend ATC, including registration and travel expenses.

Qualifications

1. Current member of AST and the Transplant Administration and Quality Management COP
 1. Applicants must be current members of both AST and TxAQM COP at the time of the application deadline.
2. Presentation must have been submitted and accepted for presentation (poster or other platform) at the 2024 American Transplant Congress (ATC) meeting
 1. Research project must be broadly relevant to the field of transplant administration and/or transplant quality management.
3. Award applicant must be lead author of the project

Application Materials

- [Application](#)
- ATC abstract and ATC abstract acceptance letter
- Applicant CV or résumé

Judging of Presenter Grant

1. At least three (3) members of the TxAQM COP will review and score each submission based on the following criteria:
 - Quality of the presentation (1 to 5)
 - Impact of the presentation on current transplant practice (1 to 5)
 - Presentation significantly adds to the current body of literature on the given topic (1 to 5)
 - Presentation addresses an unmet need (1 to 5)

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

Grant recipients will be expected to present their research at ATC. Recipients will be expected to attend ATC 2024, the AST Townhall, and the TxAQM COP annual meeting.

The deadline for applications is **March 24, 2024**.

Please note that if you have already won a TxAQM COP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Transplant Diagnostics Community of Practice (TxDx COP) will be awarding **three TxDx COP ATC 2024 Travel Grants** for reimbursable expenses up to **\$750** to attend ATC, including in-person registration and travel expenses.

Qualifications

- Trainee or member within the first five (5) years after completing terminal training program (Students, residents, fellows, and new-in-practice attendings are eligible).
- Current AST and TxDx COP member (must be a member of both by application deadline)

OR

- Non-member sponsored by a current member of both the AST and the Transplant Diagnostics COP (active membership at time of application submission).
- Grant applicant must be lead author and presenter of the case

Application Requirements

1. [Application](#)
2. A single page description of a single clinical case in ATC abstract format (background; methods; results; conclusion) highlighting its importance and education value. We encourage inclusion of graphs, figures, and images.
3. Redact all patient information
4. If you are not an AST member, a current member of AST must write a short letter of support.

Judging of Case Submission

1. At least three (3) members of the Transplant Diagnostic COP will review and score each submission based on the following criteria:
 - Quality of the case (1 to 5)
 - Relevance to transplant diagnostics (e.g. pathology, HLA/immunogenetics, laboratory and molecular testing, etc.) (1 to 5)
 - Impact of the case on current transplant practice and body of literature in transplant diagnostics (1 to 5)
 - The case addresses an unmet need (1 to 5)

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

Expectations of Recipients

If your case is selected, **you will be expected to give a 10-minute presentation of your case to the TxDx COP community at our annual meeting and reception during the 2024 ATC meeting.**

The deadline for applications is **March 24, 2024**.

Please note that if you have already won an TxDx COP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Transplant Pharmacy Community of Practice (TxPharm COP) will be awarding **three Best New Practitioner Research Project Grants** for reimbursable expenses up to **\$1,000** to attend ATC 2024, including registration and travel expenses.

Qualifications

1. Current member of AST
2. Current member of the AST Transplant Pharmacy COP
 - Applicants must be current members of both AST and TxPharm COP at the time of the application deadline.
3. Pharmacist within first five (5) years after completing terminal training program. Current students, residents, and fellows are eligible (program may be residency, fellowship, or school)
4. Research project must have been submitted and accepted for presentation (poster or platform) at the 2024 American Transplant Congress (ATC) meeting.
 - Research project must be broadly relevant to the field of transplant pharmacy.
5. Award applicant must be lead author of project

Application Requirements for these Grants

1. [Application](#)
2. A copy of the ATC abstract in word format to allow for blinding
3. A copy of the ATC abstract acceptance letter

Judging of Award

1. At least three (3) members of the Transplant Pharmacy COP will review and score each submission based on the following criteria:
 - Quality of research project (1 to 5)
 - Impact of the research on current transplant practice (1 to 5)
 - Research significantly adds to the current body of literature on the given topic (1 to 5)
 - Project addresses an unmet need (1 to 5)

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

Grant recipients will be expected to present their research at ATC. Recipients will be expected to attend ATC 2024, the AST Townhall, and the TxPharm COP annual meeting.

The deadline for applications is **March 24, 2024**.

Please note that if you have already won a TxPharm COP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant

will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Trainee and Young Faculty Community of Practice (TYF COP) will be awarding **four TYF COP ATC 2024 Travel Grants** for reimbursable expenses up to **\$750** to attend ATC, including registration and travel expenses.

Qualifications:

- Current Trainee member of AST
- Current member of the TYF COP
 - Applicants must be current members of both AST and TYF COP at the time of the application deadline.

Application Requirements

- [Application](#)
- Applicant's CV
- Applicant's statement of interest (200-400 words) and commitment to attend the entire ATC meeting and associated events
- Applicant's future goals within the field of transplantation (100-250 words)

Recipients will be expected to attend ATC 2024, the AST Townhall, and the TYF COP annual meeting.

The Society remains committed to a diverse and inclusive culture. The membership is encouraged to consider nominations with an eye towards diversity in age, gender, ethnicity, and race, and other underrepresented minorities [as defined by AAMC](#).

The deadline for applications is **March 24, 2024**.

Please note that if you have already won a TYF COP grant in the past, you are not eligible. While you are permitted to apply for more than one COP ATC 2024 Travel Grant, you can only be awarded one grant. In the case that you are selected for more than one grant, the applicant will choose which to accept. Recipients of the ATC Young Investigator Travel Award are ineligible for this grant. Limit one submission per individual.

Please direct questions to Olivia Snow at osnow@myast.org.

The AST Women's Health Community of Practice (WHCOP) will be awarding the **WHCOP ATC 2024 Grant** for reimbursable expenses up to **\$1,000** to attend ATC, including registration and travel expenses. The number of grants provided will be determined based on quality and quantity of applications received.

Qualifications

- Current member of AST
- Current member of the WHCOP
 - Applicants must be current members of both AST and WHCOP at the time of the application deadline.
- Applicant must be a Trainee **OR** at the Assistant Professor Level within the first seven (7) years of initial appointment as an Assistant Professor.
- Research project abstract must be accepted for presentation (oral presentation or poster) at the 2024 ATC. Applicant must be the lead author of the research project.
 - Research project must be broadly relevant to the field of women's health in transplant, sex disparities in patient-related outcomes, or sex disparities in leadership/career opportunities for transplant providers

Application Materials

- [Application](#)
- ATC abstract and ATC abstract acceptance letter
- Resume/CV
- Trainee applicants must submit a letter of support from mentor

The applications will be judged on the research quality, impact, and novelty. Grant recipients will be expected to present their research at ATC. Recipients will be expected to attend ATC 2024, the AST Townhall, and the WHCOP annual meeting. Recipients will provide a 5–10-minute overview of their abstract at the annual meeting.
