

Poster Number	Submitter Last Name	Title
1	Aiken	Outcomes of C1q Positive Donor-Specific Antibodies Following Heart Transplantation
2	Goli	Future of Transplant Centers: Leveraging Integration of Transplant Institutes to Mitigate the Impact of Transplant Professional Shortages and Enhance Patient Outcomes
3	Kharga	Impact of BMP-7 Mimetic (TBD 184) on Inflammatory Cytokines During Normothermic Machine Perfusion in DCD Rat Liver Model
4	Kharga	Evaluating the effect of flushing with a Hemopure-based oxygenated preservative solution using bioenergetic molecular analysis
5	Agrawal	Low-Weight Pediatric Donor Kidney Transplants Transplanted as En Bloc Show Superior Graft Survival
6	Akoluk	Perlecan Fragment LG3 Induced Early Acute Antibody-mediated Rejection is Responsive to Treatment
7	Amin	Leukocyte Recovery after Letemovir Conversion for CMV Prophylaxis in Solid Organ Transplant
8	Carr	Utility of MRSA Nasal Swabs in Lung Transplant Patients
9	Concepcion	The impact of pretransplant evaluation satellite clinics on access to kidney transplantation
10	Connolly	Performance of Tutvia RNA Signature in Kidney Transplant Patients with Multi-organ and Previous Failed Kidney Transplants
11	Dunaway	North American Expert Consensus on the Clinical Role of Ex Vivo Lung Perfusion (EVLP) With Acellular Perfusate
12	Dutcher	Linking Doctors' Hypothetical with Retrospective Choices on Deceased Donor Kidney Offers: testing the EAP at predicting clinical decision-making for high-risk offers.
13	Emmott	Evaluation of an organ procurement organization model utilizing non-physicians in pancreas procurement
14	Ferguson (Liu)	Increasing Organ Donors and Transplants via Interoperability
15	Fleming	Association of Subclinical Kidney Transplant Rejection with 10-year All Cause Graft Loss: An Analysis of the CTOT-08 Study
16	Hardy	MMDx "IRL" - SINGLE CENTER EXPERIENCE CORRELATING RENAL BIOPSY AbMR DIAGNOSIS WITH MOLECULAR MICROSCOPE RESULTS
17	Jaramillo	Successful Liver Transplantation from Donors with Hepatic Steatosis using AI based assessment: A Case Series
18	Kass	Basiliximab versus Steroid Induction in Black Adult Kidney Transplant Recipients
19	Kelty (Adebiyi)	Transplant Outreach Program: A Comparison of kidney transplantation outcomes between the main campus and transplant outreach clinics
20	Kelty (Adebiyi)	Access to kidney transplantation via main campus versus outreach clinics
21	Kharga	Prophylactic use of BMP-7 mimetic: TBD 184 to mitigate warm ischemia in the rat liver grafts on a pump
22	Kleiboeker	Combined Metagenomic Viral Detection and dd cfDNA Quantification for Liver Transplant Recipients
23	Kluener	Surrogate Markers for Dosing of Rabbit Anti-Thymocyte Globulin in Heart Transplant Recipients?
24	Leo	Retinoid acid receptor-related orphan receptor gamma (RORγ): a potential target in transplantation oncology to expand indications for hepatocellular carcinoma (HCC)
25	Li	Organ Preservation Using iPSC-MSC-Derived Extracellular Vesicles Toward Enhanced Transplantation Outcomes
26	Lu	Characteristics and Outcomes of Deceased Donor Kidneys Turned Down for Biopsy Results at A Single Center That Were Transplanted Elsewhere
27	Lu	Characteristics and Outcomes of Deceased Donor Kidneys Turned Down by A Single Center and Transplanted Elsewhere
28	Lu	Characteristics and Outcomes of Deceased Donor Kidneys Turned Down by Regional Centers and Transplanted Elsewhere
29	Mone	Feasibility of Determining and Comparing Organ Procurement Organization Performance using Donor Referrals
30	Peters	Effects of Immunosuppressive Medications on Proliferation and Differentiation of Human Cholangiocyte Organoids
31	Petersen	Impact of Isavuconazole on Immunosuppressant Doses in Solid Organ Transplant Recipients
32	Rogers	Novel Immunosuppression Minimization in Elderly Kidney Transplant Recipients
33	Sridhara	Semaglutide-Associated Pancreatitis and Thrombotic Microangiopathy Resulting in Renal Allograft Loss: A Case Report
34	Thiessen	A Liver for a Kidney: Donor and Professional Attitudes Toward Trans-Organ Exchange
35	Toll	UNOS Predict: Building a Rolling Survival Model for Transplant Program Outcomes
36	Wilk	Managed Care Insurance and Referral for Transplant Across State Lines
37	Wilk	Dialysis Care Professionals' Beliefs about Transplant Eligibility by Patient Characteristics
38	Wright	All High dd-cfDNA Is Not Rejection!
